

STATE OF ALABAMA

INSTRUCTIONS FOR APPLICATION TO REGISTER
TRADEMARK, SERVICE MARK, OR TRADE NAME IN ALABAMA

REGISTRATION

Trademark, service mark, and trade name (hereinafter referred to as “marks”) registrations are administered at the state level in the Office of the Secretary of State. Any word, symbol, logo, slogan or combination thereof adopted and used by the applicant to identify services rendered is a **Service Mark**. Any word, symbol, logo, slogan or any combination thereof adopted and used by the applicant to identify goods made or sold is a **Trademark**. A word, symbol, logo, slogan or combination thereof adopted and used by the applicant to identify the business, vocation, occupation, or profession is a **Trade Name**.

Registration of marks is a complex matter. Because of the complexity of the laws pertaining to registration of marks, this office recommends that applicants seek the advice of (a) specifically trained and/or licensed professional(s) prior to submitting the application. It is the applicant’s personal responsibility to ensure the mark does not infringe on any other individual/business mark. It is also the responsibility of the applicant to ensure the mark is not being used in a fraudulent manner. Rejection/denial of the application by this office does not prevent use of the mark. Rights of ownership of a particular mark are achieved through the common laws of adoption and usage, not registration. The effective term for mark registrations is five years. A mark may be renewed for successive periods of five years six months prior to the expiration date.

SPECIMENS

Specimens are an important part of the registration process. Specimens are samples which perform the function of verifying usage of a mark. Clear copies of specimens are generally accepted. Before submitting the application for registration, inspect all specimens for clarity. Altered or defaced specimens will not be accepted. Illegible specimens are also unacceptable. All specimens submitted must be clear and clean.

Three specimens displaying the mark in use must be submitted with the application. Some acceptable mark specimens are business cards, brochures, flyers, labels, decals, tags, and newspaper advertisements. Specimens may be originals or legible copies.

APPLICATION

Before submitting the Application for Registration, review the items below to ensure the application has been completed. Failure to do so may result in rejection/denial of the application.

1. Complete ALL applicable items on the application to register trademark, service mark and trade name.
Please Note: Items 3, 9 and 10 may not apply to all applications for registration. If “partnership” is selected for Item 2, please list the names and addresses of ALL partners for Item 3. The written consent and disclaimer must be submitted with the application.

4. Have the application notarized by a Notary Public.
